NIPPON KINZOKU Exhibits at "electronica India 2026" - Showcasing "Magnesium Alloy Products" and "Stainless Steel Strip Products" -

NIPPON KINZOKU CO., LTD. (Headquarters: Minato-ku, Tokyo; President: Yasushi Shimokawa; TOKYO: 5491) is pleased to announce that we will exhibit at "**electronica India 2026**" one of India's largest trade fairs in the electronics field, to be held in Bengaluru, India, from September 16 (Wed) to 18 (Fri), 2026. We will showcase **Magnesium Alloy Products** and **Stainless Steel Strip Products**, which represent the essence of our unique technologies, at the booth of Nagase India Pvt. Ltd., the Indian subsidiary of Nagase & Co., Ltd. (Headquarters: Chiyoda-ku, Tokyo; Representative Director and President: Hiroyuki Ueshima, TOKYO: 8012).

Exhibition Content

1. Magnesium Alloy Products

- Magnesium alloy strips and foils (coils), which are the lightest among practical metals and also possess metallic strength.
- Ultra-lightweight and high-strength materials combining CFRP (Carbon Fiber Reinforced Plastic) and magnesium alloys, along with prototype examples.
- Newly developed ZA10 magnesium alloy rolled material which combines high room-temperature formability and thermal conductivity, along with prototype examples.

[Overview of Magnesium Alloy Products]

Magnesium alloy is an excellent material that is the lightest among practical metals while also possessing the strength of a metal. Leveraging these characteristics, it is used in a wide range of fields such as mobile PCs, smartphones, and medical equipment.

2. Stainless Steel Strip Products

- "NK-304AQ," a developed product with inclusions reduced to the absolute limit, designed for high-precision metal masks that determine the quality of Multilayer Ceramic Capacitors (MLCC).

[Overview of Stainless Steel Strip Products]

Our uniquely designed equipment, backed by accumulated cold-rolling know-how, and our industry-leading original technologies created from it, meet all our customers' needs.

Exhibition Overview

"**electronica India 2026**" is one of India's largest specialized industry trade fairs where the world's top manufacturers in the electrical and electronics industries gather.

- Dates: September 16 (Wed) – 18 (Fri), 2026
- Venue: Bangalore International Exhibition Centre (BIEC)
- Exhibition Booth: Hall 3, H3.D11
- Address: 10th Mile, Tumkur Road, Bengaluru 562 162, INDIA
- Admission: Free (Pre-registration is available from the site below)
- Official Exhibition Website: <https://electronica-india.com/en/>
